

Homemade Kinetic Sand

Supplies needed:

Baking Soda
Baking Powder
Dishwashing Liquid
Food Coloring - optional
Mixing Bowl
Spoon

1. Mix together 2 parts Baking Soda and 1 part Baking Powder with 1 part Dishwashing Liquid.
2. Stir the mixture until a sandy/doughy substance is formed. If the mixture is too wet, add more Baking Powder.
3. Knead the mixture together until it feels sandy/doughy but not wet.
4. Add 4 to 5 drops of Food Coloring and continue to knead mixture until the color is mixed through. **optional
5. Can be stored in a plastic container.
